Company Profile

Established in the year 2002, "Perfect International" is an ISO 9001:2015 certified company. It is amongst the leading Manufacturers and Exporters of a wide range of Engine components. We have been able to carve a niche for ourselves around the globe owing to our high quality products and ethical business practices.

Headquartered at Agra (a city 200 kms. from New Delhi and famous around the world for TAJ MAHAL), we have manufacturing facilities both at Agra and Rajkot, we are a company known for providing our clients high quality engine components such as cylinder liners, pistons and piston rings to name a few. These find application in various areas like automobiles, tractors, earth moving equipments, stationary diesel engines, marine engines, compressors and petrol engines.

Our products are manufactured using latest process technology which ensures them to meet the highest standards of quality to ensure that each and every requirement of our client is met with utmost precision. We also offer these products in customised specifications.
